Statement for Office (please write why you would like to be considered for this position, etc.):

I want to be considered for the position of Region 3 Co-Chair because I would like to get more involved in the NJ AND as well as the nutrition field in general. I had been interested in becoming a dietitian for many years and made the decision to go back to school in 2014. Becoming a dietitian was one of my biggest accomplishments and I would love to have the opportunity to give back to the industry. Additionally, I would love to learn more as well as make more connections. This position will help develop my skills as a dietitian as well as contribute to career advancement.

Continuing education is very important in our field and I'm excited to find new and interesting speakers to make a meaningful impact on our members. These programs are very important to our professional development.. I worked at Jenny Craig in multiple roles and I am looking forward to the opportunity to contribute my skills and experiences to a leadership role in the NJ AND. I am also eager to collaborate with other members of the board to address pertinent issues and to contribute to the growth of Region 3. I am confident that my ability to build relationships, work as part of a team, and my organizational skills will enable me to fulfill the responsibility of Regional Co-Chair.
